

Rising Damp Specialist

MADE IN AUSTRIA

# The Worlds Only Permanent Solution to RISING DAMP

AQUAPOL™, founded in Austria, is the only technology which provides a permanent and cost effective solution to rising damp.

With over 53,000 installations and represented in over 25 countries, AQUAPOL™ is the leading and most technologically advanced system of its kind in the world.

AQUAPOL™ addresses the fundamental cause of rising damp. It's patented technology permanently dehydrates damaged areas, as opposed to conventional treatments which require continuous remedial work in the form of repainting and re-plastering of affected areas.

## DEVICE AND COVERAGE

### SMALL

2100 sq ft

### MEDIUM

5400 sq ft

### LARGE

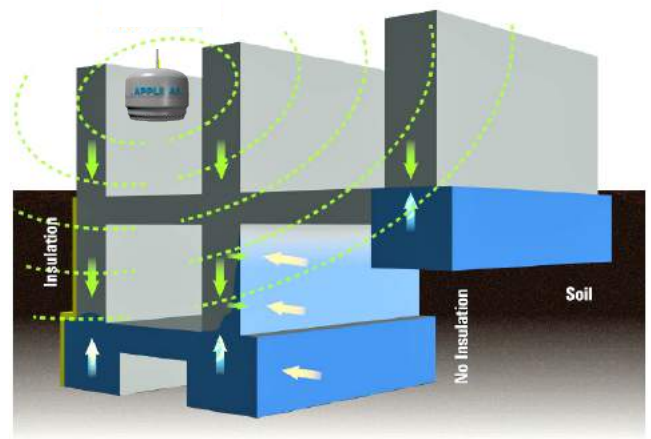

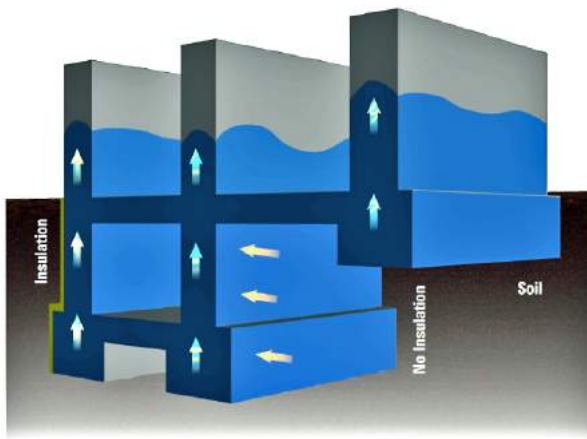

10800 sq ft

## BENEFITS

- PERMANENT SOLUTION – PEACE OF MIND THAT RISING DAMP WILL NOT RETURN
- LONG TERM PRODUCT WARRANTY
- ECO-FRIENDLY - NO HARMFUL CHEMICALS OR NEGATIVE IMPACT ON ENVIRONMENT
- NO POWER UTILITY COSTS
- MINIMAL DISRUPTION TO BUILDING STRUCTURE ON INSTALLATION

WITHOUT AQUAPOL™

WITH AQUAPOL™

## INSTALLATION

### 1. Floorplan

### 2. Installation

### 3. Brickwork Diagnostics

### 4. Testing

Post-installation - ongoing follow-up diagnostics and reporting

## WHAT SETS US APART

	Aquapol™ Method	Physical Method	Chemical Method
Green, eco-friendly	YES	YES	NO
Re-plastering required	Sometimes	Always	Always
No messy construction work at installation	YES	NO	NO
The dehydration of the masonry is verified by follow-up measurements	YES	NO	NO
Suitable for any masonry type	YES	NO	NO
Maximum wall thickness (in cm)	Any	80	50
Suitable for drying-out damp cellars	YES	NO	NO
Non-invasive for the building structure	YES	NO	NO
Reversible	YES	NO	NO
Real-world life span (years)	80-100	40-60	2-15
Warranty period (years)	20	20-25	10-25
Money back guarantee	YES	NO	NO
